EDUCATION

BTech in Computer Science With Information Technology, SRM Institute Of Science & Technology CGPA - 9	2026 Chennai, India
Class 10th, Krishna Public School	2020 Bhilai, India
Class 12th, Krishna Public School	2022 Bhilai, India

PROFESSIONAL EXPERIENCE

AWS Cloud Virtual Internship, AICTE 🔗	January 2024 – March 2024
Google Android Developer Virtual Internship, AICTE 🔗	April 2024 – June 2024
Palo Alto CyberSecurity Virtual Internship, AICTE 🔗	July 2024 – September 2024
Apple & Infosys iOS Student Developer, SRM University 🔗	August 2024 – present
<ul style="list-style-type: none">Collaborating with industry experts from Apple and Infosys to enhance development skills and adhere to best practices in iOS app development.Leading the design and development of NoteShare, an innovative iOS application for students to seamlessly share, organize, and access handwritten notes with effortless AI-driven features.Aiming to increase user engagement by approximately 60%, as evidenced by similar applications.	

PROJECTS

NoteShare 🔗
<ul style="list-style-type: none">Developing Noteshare, an iOS application enabling students to upload, share, organize, and access handwritten notes seamlessly, fostering collaboration and simplifying study workflows.Leading end-to-end development in Swift, including UI/UX design, feature implementation, testing, and optimization for a user-centric, efficient app experience.
Price Comparison Website 🔗
<ul style="list-style-type: none">Created a website to scrape real-time data from multiple websites for current item/device prices.Used Python's BeautifulSoup and Requests libraries for data scraping and MySQL to store links and price class names.
Inventory Management System (JavaScript & PHP) 🔗
<ul style="list-style-type: none">Developed a web-based system for efficient product tracking and stock management.Key features include real-time inventory updates, a user-friendly dashboard, secure backend with PHP and MySQL.

CERTIFICATES

- Oracle Cloud Infrastructure 2024 Certified Foundations Associate [🔗](#)
- Fortinet Certified Associate in Cybersecurity [🔗](#)
- Nptel Programming In Java [🔗](#)
- Nptel Computer Architecture [🔗](#)
- Google For Education Certification: Android Development [🔗](#)

SKILLS

Programming Language

Python, C++, Swift, Java, Mysql, Html/Css

Tools/Frameworks

AWS Cloud, FireBase, SwiftUI, UIKit, Pytorch, Tensorflow, Keras, NumPy

ACHIVEMENTS

Grand Finalist at Navonmesh '24 National Level Hackathon [🔗](#)

- Selected among 29 teams from 1550+ national entries atSSIPMT Raipur. Developed a deepfake video detection system leveraging machine learning, Python, and REST APIs.
- Gained valuable insights from esteemed judges, including **Nitin Sharma (India Head, Qualcomm)** and **Hridesh Singhal (CEO, Hyderabad)**, highlighting Qualcomm's industry collaboration.
